

SAFARI NORTH

Wildlife Park

Visit us in Brainerd, MN in 2016

Our Exhibits

North American Trail

North America is a land of various landscapes that span from the Arctic in the north to Central America. On the west is the Pacific Ocean and on the east is the Atlantic Ocean.

South America Exhibit

South American animals are unique in their own ways. The diversity of climate and vegetation in South America account for the unusual animals of South America.

Australian Exhibit

Take our Australia trail and see some of our best known animals such as the kangaroo, wallaby, kookaburra, parakeet encounter, eclectus parrot, masked lap wings and emu.

African Exhibit

Take our Africa trail and discover some of the top ten animals you should see when on safari in Africa. Here's our list of "must-see" animals that makes our Africa trail so worthwhile.

Asian Exhibit

Our Asia Trail takes you through the adventure of visiting a variety of the animals such as black buck antelope, nilgai antelope, water buffalo, fallow deer, black leopard, spotted leopard, java macaque, muntjac deer, white bengal tigers and orange bengal tiger.

The Asian Java Macaque

The African Giraffe

The African Scimitar Oryx

Group Visits

Plan a group event full of fun and adventure. Journey in the park exploring and learning about the amazing and incredible animal species at Safari North Wildlife Park. There's always something new to discover and learn about.
